LIFE INSURANCE

Magnitude of the Business Shown in Figures Compiled for 1915.

An article in a special edition of The Insurance Press contains some big and interesting figures, as indicating the magnitude of the life insurance business in the United States. Distribution by life insurance organizations in the United States and Canada amounted to \$733,700,000 in 1915, exceeding by \$17,000,000 the amount computed for 1914. The largest single amount was \$837,475, held by D. J. Sinclair of Steubenville, Ohio. The payments in New York city were naturally the largest of any single place in the country, amounting to \$35,025,000.

Under the policies of level-premium companies and the certificates of life insurance organizations on the assessment basis, the payments in the two countries for death claims, matured endowments and other benefits amounted to \$451,200,000. For premium savings, for the cash values of policies that were surrendered, for annuities, and to beneficiaries under policies issued in foreign countries the regular companies of the United States and Canada paid amounts, estimated in part, that aggregated \$282,400,000.

The following large amounts were paid in Vermont:

Brattleboro—S. A. W. Bradley, \$38,087; James L. Martin, \$25,897; Name not given, \$15,000.
Burlington—Herman W. Allen, \$15,000.
Montpelier—William J. O'Sullivan, \$16,000.
Morrisville—W. W. Peck, \$10,000.
Newbury—Thomas C. Keyes, \$11,967.
Pittsburg—George P. Hitchcock, \$20,000.
Rutland—G. F. Grimm, \$24,500.

In Burlington the total amount of life insurance payments in 1915 were \$202,000. Rutland comes second with \$171,000 and Brattleboro third, with \$152,250. Then there is a drop to Montpelier, \$55,500, closely followed by St. Johnsbury, \$55,250. Bennington leads the \$50,000 division with payments of \$39,750. St. Albans being just \$1,000 less. Barre and Bellows Falls tie at \$24,250. The figures gradually run down until they end with \$19,750 each for Brandon and Charlotte. Payments under \$10,000 were made in 84 other towns.

The amounts of the ordinary and industrial policies written and revived by the regular companies of the United States aggregated more than \$3,504,000,000, an increase of more than \$245,000,000, in comparison with the amount tabulated for 1914. The year closed with nearly \$22,725,000,000 of insurance in force, an increase of more than \$1,269,000,000. The number of policies in force increased to more than 12,426,000, continuing to indicate that in life insurance the development of thrift for the protection of dependents and for support at periods of old age is a sign of character, not that thrift produces character. As Lord Roseberry said, thrift means care, foresight and tenderness for dependents.

Made from Long Leaves

No Short, Broken Leaves in

LIBERTY Is Real Long Cut Tobacco, Men!

LIBERTY is made from ripe, selected long leaves.

You know this is true—because you find only long, silky shreds of tobacco in LIBERTY.

You do not find loose, hard stems or short cuts in LIBERTY—no short leaves, broken leaf or hard stems are used in making LIBERTY.

That's why LIBERTY is always slow-burning and cool-smoking in a pipe—why it holds together and lasts in a chew—and gives all 'round man-size enjoyment.

LIBERTY Long Cut Tobacco

Ageing pure Kentucky tobacco up to 5 years puts richness and snap and full body into LIBERTY that give hearty satisfaction, every puff out of a pipe and every smack out of a chew.

No wonder LIBERTY is the big favorite with men who want quality instead of a "big-looking" package. They know man's tobacco when they smoke or chew it. Go after some right away—sold everywhere.

THE AMERICAN TOBACCO COMPANY

Advantages of Education in Thrift.

A committee on thrift education made a report to the meeting of the National Education association at its convention at New York this week. The chairman of the committee reports that it is astonishing how the idea of thrift has been spreading in school circles during the past few months.

Thrift is an art that can be taught in schools as well as penmanship or drawing. People who grow up without this training consider only the amount of money that is burning a hole in their pocket at a given moment. If they have \$10 in their purse, they feel rich and spend it until it is gone, without any idea of the relation between these expenses and their total income. If they have a bill of \$20 to be paid the next week, that disagreeable fact is deliberately forgotten.

The host of people who on reaching middle life have accumulated no capital and no provision for misfortune are an object lesson of thriftlessness. Of course their failure may have been due to sickness, accident, or other mischances they were not to blame for. Or they may have been so poorly educated at the start that they may never have been able to earn a living wage. But people who have had fair health and fair pay have only themselves to blame, if on reaching middle life they have not some reserve.

The National Education association does well to take up so vital a part of training for life. The idea should be impressed on the children that some portion of their income should always be saved except in cases of dire need. The idea of the accumulation of interest can be made mysteriously fascinating to children. The fact that a dollar left in the savings bank earns its four or five cents a year without their doing a thing, grips imagination and appeals to ambition. The boy who becomes a regular savings bank depositor while in school is the capitalist or owner of a house or business at some later time.—Rutland Evening News.

Runs Into Them.

When a man can't meet his creditors is just the time that he is unable to dodge them.

Her Left Side Hurt

No family remedy enjoys a better reputation among intelligent women than Foley Kidney Pills. Mrs. Laura Beall, Plattsburg, Miss. Writes: "Last April I got in bad health; my left side hurt all the time. The doctor's medicine didn't seem to do me any good. I had symptoms of Foley's disease. I took two bottles of Foley Kidney Pills and feel all right now." They quickly relieve backache, rheumatism, aches and pains in a natural way—by driving the poison out of the system. Contain no habit forming drugs. Sold everywhere.
